

40G/100G MUX/DEMUX AWG

Description

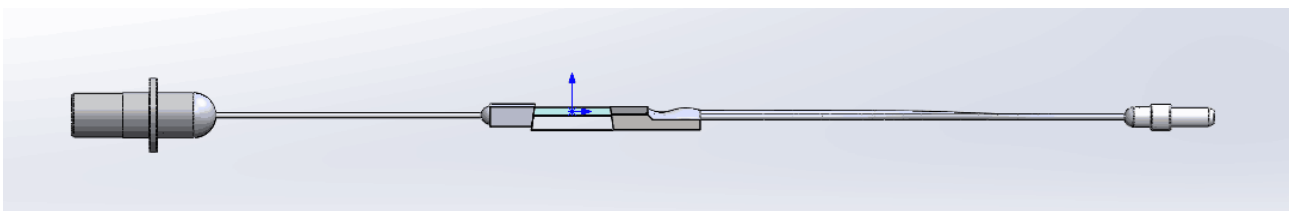

With the large number of high-speed optical module applications, we develop MT-FA Jumper Ferrule-FA etc. for optical transceiver module package, such as 40G QSFP+, 100G-SR4, QSFP28 SR4, AWG e.g. It fit for different installation environment and easy to install between adapters and laser chip. Our connectors are 100% factory tested and can meet your special requirements. All the MTP/MPO connector compliance with Telcordia GR-1435-Core Compliant.

Features

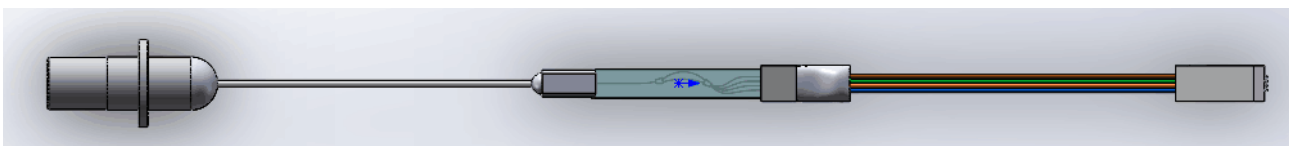

- 40/100/200G optical transceiver module package
- 100% tested before delivery
- MTP and MPO available
- Use 12/24 Cores Fiber Connector
- Ribbon cable or Customized
- SM/OM3/OM4 or Customized
- Compliance with Telcordia GR-1435-Core Compliant

Note:

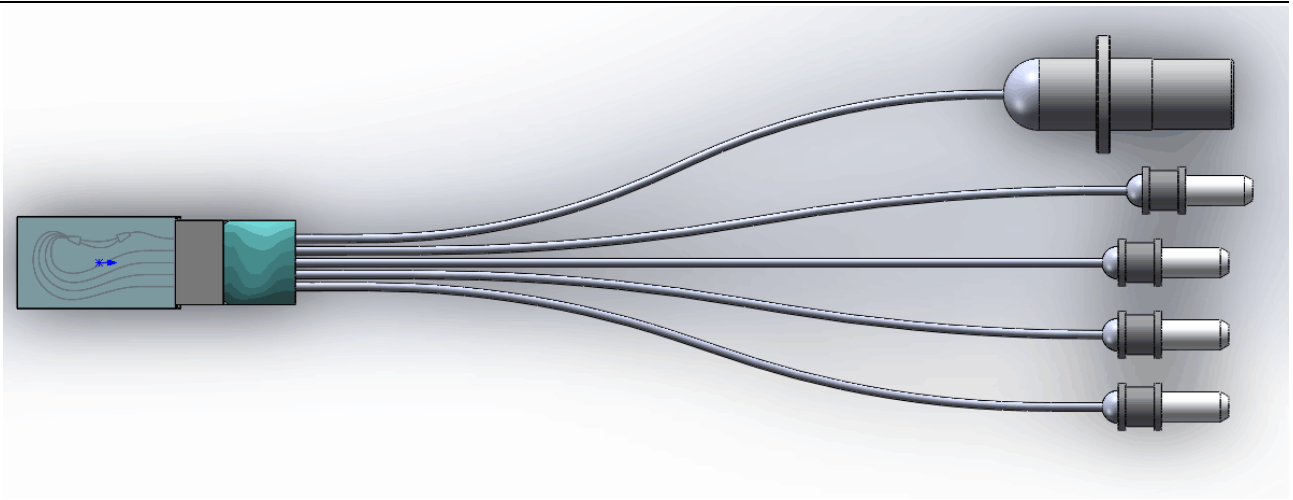

1. **Fiber Array (FA) for our own production, customers can customize all types of FA.**
2. **Whether it is 40G or 100G MUX and DEMUX, in addition to AWG is the procurement, the rest for our own production, coupling and testing.**
